Direct Source for GM Parts

As a major General Motors wholesale dealer, we stock thousands of new GM and reproduction restoration parts. We are constantly adding new parts to our inventory and attempt to never be out of normal stocking items. We will advise you of out-of-stock items at the time of your order.

Competitively Low Prices

Our volume buying means that we receive the lowest cost from our suppliers. We pass this on to you and always attempt to offer the lowest overall prices in the restoration business. Catalog prices are subject to change without notice. (We only increase prices when there are increases by our suppliers).

Quality Parts

We use only new GM and high quality reproduction parts, and constantly review our vendors to insure that we are buying the best parts available for any application.

Prompt Customer Service

In case of a problem, we will take care of the situation immediately. While we may need some help from you on handling damaged shipments or shortages (see Ordering Information & Return Policies on the back of the order forms), we do not hold up shipping a replacement part while waiting on claim results from the delivery company.

MADE IN USA

Look for the MADE IN USA Logo. Some include the flag if the description line gives us enough room. With or without the flag means the same thing. As you know from shopping Wal-Mart, Target, Best Buy, etc., USA is hard to find. We try to offer MADE IN USA parts when possible. We rely on information from our many suppliers regarding country of origin, so please let us know if you receive a part we mark USA that is obviously imported so we can correct our listing.

Understand, we offer many correct high quality reproductions and in many cases there is no USA alternative. We just want to offer and designate parts made in our country as much as possible.

ORDERING INFORMATION
Please Read Carefully!

Customer Number

Please have your customer number available when calling. If you are a first time caller, once you have placed an order, you will be assigned a customer number for future references. The customer number helps us to identify you if there is more than one customer with the same name. This will eliminate any confusion and allow our personnel to access and process your order more efficiently.

Catalog Number

In order for us to serve you better, please supply us with the catalog number on the front cover or at the top of the order forms in the back of the catalog. This will enable us to send you an updated catalog with your order.

Credit Card Payment Method

If you are planning to use a credit card for payment, please have credit card type, number and expiration date ready when calling so that your order is processed in a timely manner and will not create any unnecessary delays.

Ordering Parts

Most all products listed in our catalog have part numbers. Please have a list of these part numbers ready before calling to place an order. Having these part numbers available will speed up the ordering process. You can order over the phone with a credit card or place prepaid orders by phone to insure accuracy. If you prefer, you can mail or fax credit card & prepaid orders using order forms in the back of the catalog. NC residents, add 7.75% sales tax. Personal checks will be held 15 days to clear.

Prices

Every attempt is made to insure accuracy of prices at time of catalog printing. However, all prices are subject to change without notice. Before placing your order, if you would like, ask your sales associate to call out current computer prices as you order each item. ***Ask one of our salesmen about volume discounts!***

Any errors in application, description, prices, part numbers or diagrams are subject to correction. All prices are subject to change without notice. Please ask your sales representative to verify price.

NOTICE:

When placing an order, always present your catalog number located on the front cover to the salesperson to verify that your catalog is current. Current catalogs can be packaged with your order at no cost. We are constantly adding new parts, therefore on average, we update catalogs regularly during the year.

Just A Reminder!

Any part number in our catalog that ends with the letters "GM" is a genuine GM part. If a number does not end with these letters, it is a reproduction part. If a part is being reproduced in more than one quality and there is a significant price difference, we will offer you both choices in this catalog. If there is no significant price difference, we only offer you the best choice!

Some reproduction parts are licensed by GM to be GM Restoration Parts, although this does not have much, if any, impact on the quality of these parts. Just because a part is a GM Restoration part does not guarantee that it is the best reproduction made. Even if a part is a GM Restoration Part, it's part number still does not end with '"GM" in our catalog.

TECH SPECS:

Engine Type & Displacement	Chevy SB Stroker 383
Horsepower	425
Torque (lb - ft)	449 @ 4500 RPM
Bore x Stroke	4.00 x 3.80
Block (1 piece rear seal, RH dipstick)	Cast Iron with 4 Bolt Main Caps
Crankshaft	Forged Steel
Connecting Rods	HD Powdered Metal Steel
Pistons	Cast Aluminum
Camshaft Type	Hydraulic Roller
Camshaft Lift	.509 Intake / .528 Exhaust
Camshaft Duration (@.050)	222° Intake / 230° Exhaust
Cylinder Heads	GM Fast Burn Aluminum; 62cc Chambers
Valve Size	2.00 Intake / 1.55 Exhaust
Compression Ratio	9.6:1
Rocker Arms	Aluminum Roller Style
Rocker Arm Ratio	1.5:1
Recommended Fuel	92 Octane
Ignition Timing	32 Total @ 3000 RPM with Vacuum Advance Disconnected
Maximum RPM	6000

INSTALLATION NOTES:

Includes:

- 12 3/4" A/T flexplate

Designed to work with the following (not included):

- 12 3/4" (16 lb light weight) M/T flywheel part# 14088646

Radiators

Note: If you have internet access, we suggest that you look at radiator specs on our web site. This will give you a diagram of the radiator including all measurements. If you don't have internet, we can mail pictures of the radiators if there is any doubt regarding the correct radiator for your application.

How To Measure A Radiator

Measure only the core in order to determine the size of the radiator. Always measure the height with the tubes (the direction of the coolant flow). To determine the width, measure the core only. Do not include the side channels or mounting brackets.

To measure core thickness, use a small diameter wire and insert it through the core until the end is flush with the other side. Hold the wire flush to the core with your thumb and forefinger, remove the wire and measure it. Length of the wire from thumb and forefinger to end will equal the core thickness.

Note: Please specify auto vs manual transmission, factory air vs no air and desired cores when placing your order.

What Are Recessed Side Brackets?

*62-67 V8 models will need a radiator with recessed side brackets if you do not have the original shroud/spacer that fits between the radiator and the radiator support. These brackets replace the original shroud/spacer. *RPO V01 radiator did not use shroud/spacer.*

ALUMINUM RADIATORS (U.S. Radiator)

Note: While others piece together an aluminum radiator or boast about rib patterns that are little more than dimples on flat stock, U.S. Radiator's Desert Cooler all - aluminum performance radiator line is meticulously engineered for form, fit and high performance cooling. Each components is precisely die stamped in accordance with original equipment look and fit and engineered for maximum cooling and durability. Radiators consist of 2 rows of 1" tubes, die stamped tanks, all-aluminum core (no epoxy), 18 fins per inch high efficiency core.

The following section offers the most comprehensive listing of Nova brake parts available in any catalog. Extensive research allows us to offer all of the necessary brake parts, not just the basic items.

Each text section pertains to a detailed diagram. Find the number of the part you need in the illustration and go to the text section to find the correct part number for your application. Since different people seldom need the exact same parts, we only offer several popular kits in the Brake Section.

The parts in this section are priced competitively to kit parts, therefore you can order exactly what you need!

Recommended Booster

11" Single Delco Style

Factory "style" for 68-72 Nova cars. No Delco stamp. Big and powerful. Can be a tight fit on big block cars. Standard Gold Finish.

RPB1003U . . . . No-Charge Upgrade* (Also available in Chrome, See Below)

There are a few important things to consider when choosing a booster. You need a minumum of 16-18 inches of vacuum for the proper operation of any size booster. No vacuum, No power assist! A larger diaphram will generate more assist given the same amount of vacuum. Adding a second diaphram will increase assist 25-30%.

We highly recommend the 11" single delco style booster for 68-74 Novas. It is also the most powerful booster we carry. 62-67 owners should condsider the 9" single delco style booster (RPB9020U) with the correct 3-hole pattern and plenty of power. If you need more room to clear a big block, or simply want a different look, consider one of our 7" or 8" dual slimline boosters.

7" Dual Slimline

A good booster when room is tight. Great for BB cars with tall valve covers. Roughly the same assist as a 9" single.

RPB7537U	Standard Gold	No-Charge Upgrade*
RPB7537CU	Chrome Plated	25.00* ea.
RPB7537SU	Polished Stainless	60.00* ea.

8" Dual Slimline

Our most powerful "Slimline" booster. 10%-15% more assist than a 9" single. Compact to fit most applications.

RPB8531U	Standard Gold	No-Charge Upgrade*
RPB8531CU	Chrome Plated	25.00* ea.
RPB8531SU	Polished Stainless	60.00* ea.

9" Single Slimline

Nice clean looks and performance that won't disappoint. A good choice if you're undecided on which booster is right for your car.

RPB9002U	Standard Gold	No-Charge Upgrade*
RPB9002SU	Polished Stainless	60.00* ea.

9" Single Delco

Factory "correct" for 64-66 GM. Used in 67+ for an original look w/o the room for an 11" booster. Available with or w/o Delco stamping.

RPB9021U	Standard Gold	No-Charge Upgrade*
RPB9021CU	Chrome Plated	25.00* ea.
RPB9016U	Standard Gold, w/ Delco Stamping	30.00* ea.

11" Single Delco

Factory "correct" for 62-72 GM. Can be tight on the big block cars. Our most popular booster. Available with or w/o Delco stamping

RPB1003U	Standard Gold	No-Charge Upgrade*
RPB1003CU	Chrome Plated	25.00* ea.
RPB1001U	Standard Gold, w/ Delco Stamping	30.00* ea.

3 Stud Boosters

Early Novas had a special 3 stud pattern on the firewall. Only the boosters listed here will work on these early cars. No chrome options were available at the time of printing. Call for status.

4 Piston Caliper Upgrade

That's right, the correct 4 piston calipers found on original 67-68 factory disc cars. Upgrades include: two new 4 piston calipers (2xBC22), caliper mounting brackets (CMB06), Backing Plates (DBBP03), and a pair of 1pc. rotors (2xBR01C). Combine this upgrade with our "Factory Correct" Combo for a completely original look.

Classic Factory Combo

Factory "style" upper assembly for '67-'69 Nova. No stamping or casting marks. (Requires original block**)

FDC003U . . . . . No-Charge Upgrade*

Replacement Distribution Block

For those without the original distribution block from the car or those wanting new parts all the way around.

PV05 . . . . . 79.00

****Attention '67 - '69 Nova owners. You can get the look of factory disc brakes under the hood at no additional charge! Here's how it works. We'll upgrade your conversion with the factory style "Bullet" valve (Part # PV68), bleeder master cylinder (Part # DBMC16), and the master cylinder lines pictured above. All you need is the distribution block already on the car from the old brake system. The distribution block (Part # PV05) is also available seperately. For the true enthusiast, we offer the same package with licensed GM restoration parts featuring the correct casting marks and Delco Moraine stamping ("Factory Correct" Combo).**

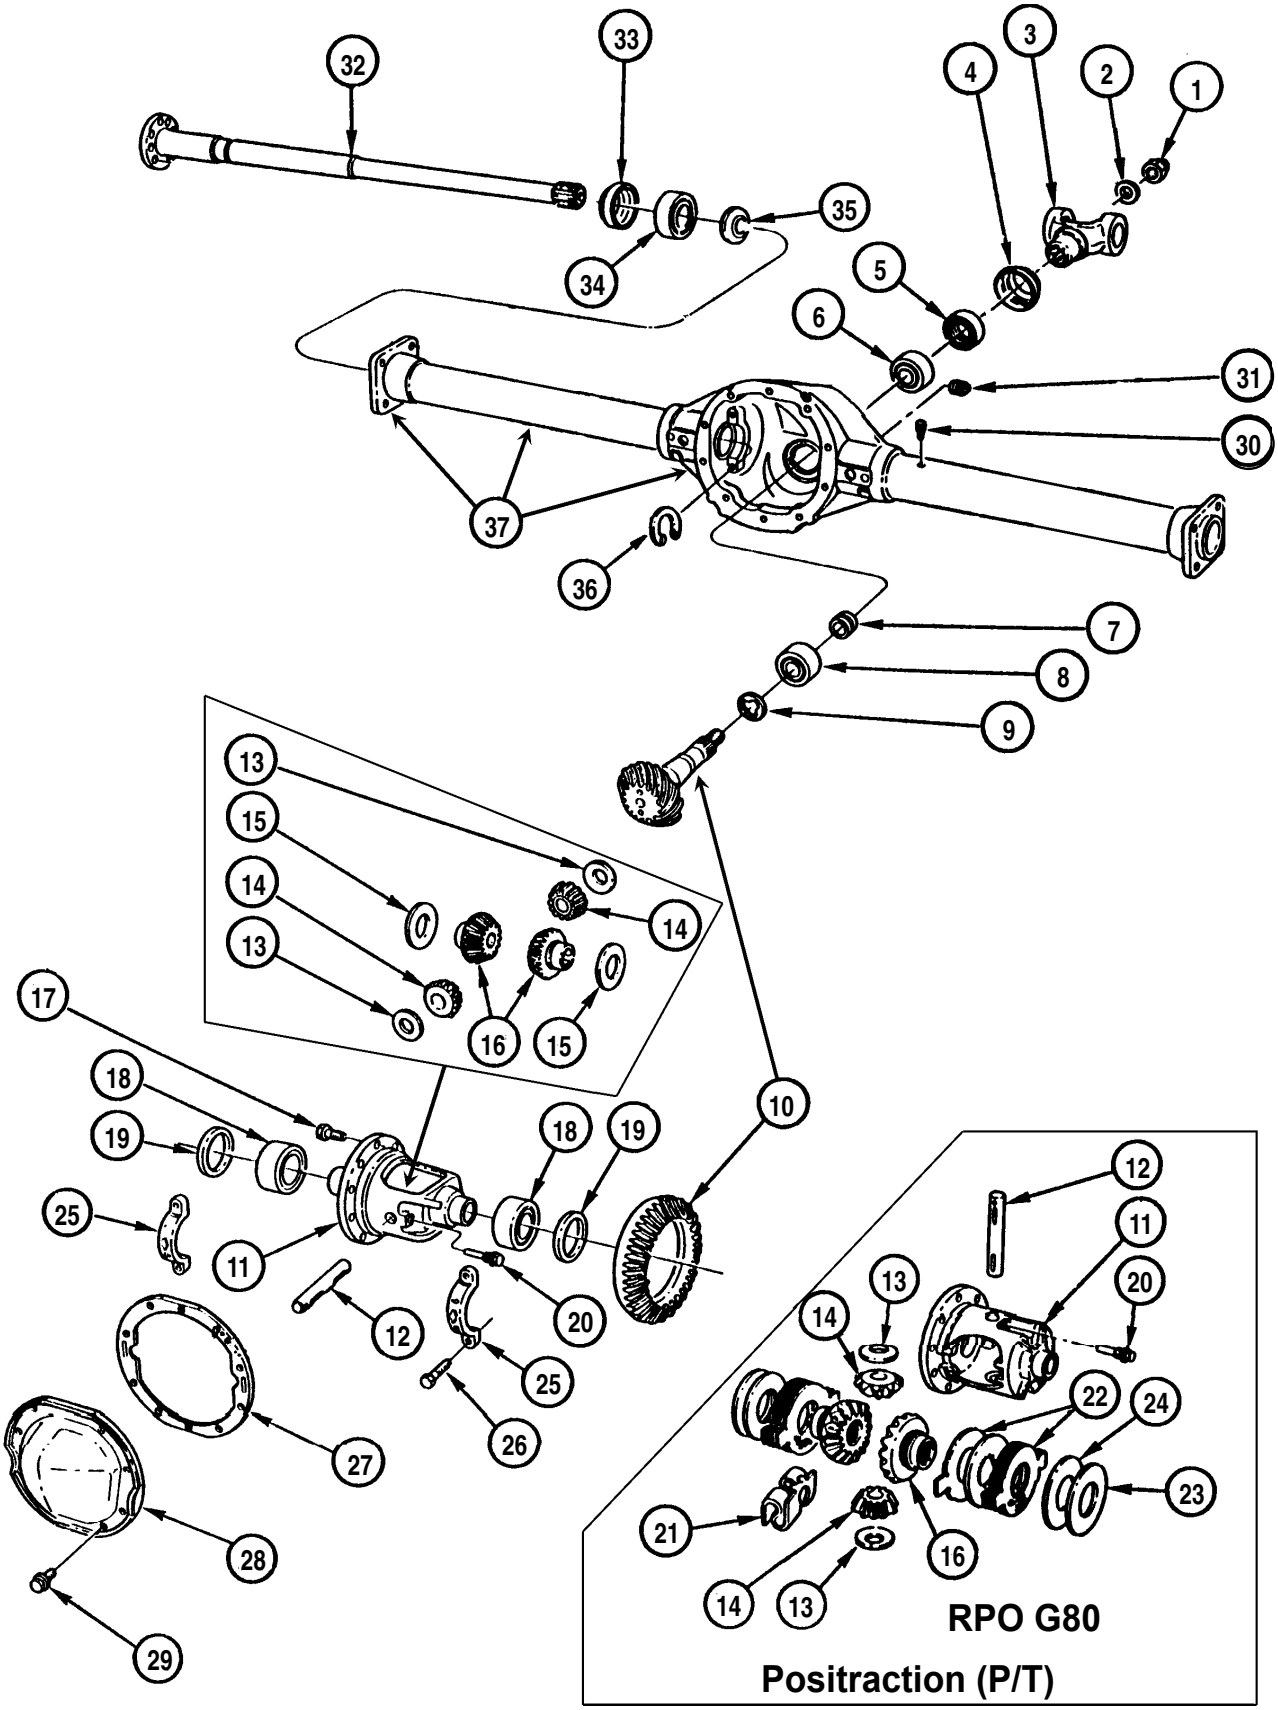
10 & 12 Bolt Rear Axle



ATTENTION!

Rear Axle parts in this catalog are for the full Chevrolet line. We designed rear axle parts this way because of rear axle swaps!

Some parts in the Rear Axle illustration are no longer available (as far as we know.) Any numbered item missing in the parts listings are in that status. We are not able to help in locating those parts so a junkyard is probably your best bet.

Go to the search box and type in the part number exactly as it is in our catalog (dashes, letters, etc.) and it will display a picture of that part. If we do not picture the part you are looking for, please let your sales rep know or e-mail us at: ***classic@modernauto.com.***

Rally Wheels & Components

**Note: Wheels are listed by original applications & then listed by size. These wheels are MADE IN USA reproductions that are silver powder coated.*

RALLY WHEELS (By Correct Application)

**Note: Wheels are listed by original applications.The sizes, the bolt pattern, the offset & the back spacing are all correct for the application listed. We do not list offsets or back spacing in this section. If you want correct, the size is all that applies! The letters in parentheses represent the original code that was stamped on the wheel and was listed in wheel box on the build sheet.*

Rally II Wheels by Correct Application

Note: Wheels are listed by original applications. These wheels are MADE IN USA reproductions that are silver powder coated. The sizes, the bolt pattern, the offset & the back spacing are all correct for the application listed. We do not list offsets or back spacing in this section. If you want correct, the size is all that applies! The letters in parentheses represent the original code that was stamped on the wheel and was listed in wheel box on the build sheet. Wheels do not include the 6 bezels, which are discontinued.

Also available in custom sizes: 14 x 8, 15 x 7, 15 x 8 & 15 x 10 - CALL!

"Factory-Fit harnesses are the standard by which all others are measured!"

The premier manufacturer of quality wiring harnesses for General Motors vehicles from 1955 thru 1980.

Factory-Fit® wiring harnesses has become widely known as the symbol of excellence in reproduction wiring components. When the Factory-Fit® logo is on your wiring harness, you are guaranteed the finest reproduction wiring harness or battery cable manufactured for your car.

NO COMPROMISES • ORIGINALITY • QUALITY • AMERICAN MADE

Factory-Fit® uses original GM components and reproduces every harness to original GM specifications. Where original parts are not available, new parts are fabricated to original factory specifications. In the interest of safety and longevity, original design concepts are improved upon to provide our customers with the highest quality product available.

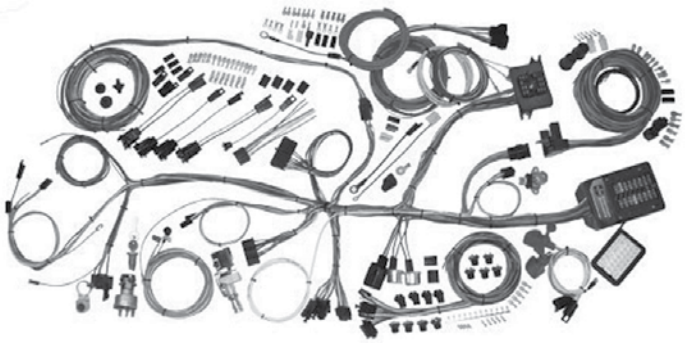
We will unconditionally refund the purchase price of any uninstalled or unaltered harness that does not meet the original specifications for which it was designed. Special modified harnesses are not returnable and not refundable. Special modifications made by customer design are not warranted. Returned harnesses must be in unused condition and must be in the original packaging. Failure to do so will void the return policy. Factory-Fit® warrants harnesses from manufacturing defects and will repair or replace the harness for a period of one year from the date of original purchase. The warranty applies to the original purchaser and is not transferable. This warranty does not cover delivery fees. A purchase receipt will be required. The warranty covers normal consumer use and does not cover damage which results form alteration, accident, misuse, abuse, neglect, improper installation or improper care and maintenance. Under any circumstances, the liability of the manufacturer shall be limited to the original cost of the harness paid by the customer and the manufacturer shall not be liable for any damages (consequential or incidental) which occur as a result of the use of any of our harnesses. This limit on liability may vary in your state and may have additional rights and/or remedies depending on the state in which you live.

Classic Muscle stocks harnesses based on sales popularity, any non-stocked harnesses can be quickly drop shipped.

Classic Muscle realizes that some harnesses are very expensive, therefore like most all other products we offer, our prices are pre-discounted.

With Factory-Fit® quality and Classic Muscle pricing, there's no need to look elsewhere!

If you have used Factory-Fit® harnesses in the past, you are already aware of the difference in our harnesses. If you haven't, then it's time to realize that it costs no more to use the Factory-Fit® mark of excellence.



62-67 WIREKIT8 Update Harness Kit.....560.00 ea.

1- New headlight switch with internal 30amp circuit breaker, retention collar nut, adjustable length shaft, and custom knob.
2- Standard turn signal flasher, hazard flasher and horn relay mounted on harness.
3- NEW compact ATO-Style fuse panel that is fully encased in a closed box assembly with two mounting pads. The fuse coverlid is labeled on the inside identifying all circuits by description and their respective fuse ratings. All high amperage output circuits incorporate the same superior spring steel reinforced terminals that are used in our "Highway Series" kits. This kit also utilizes a remote bulkhead assembly that mounts in the stock location. All required hardware supplied. Harness is laid out and formed to allow for nearly all after market accessories such as; gauge packages, wiper systems, heat and air conditioning systems, etc.
4- Original switch connector bodies
5- Steering column connectors can plug directly into most aftermarket steering columns or stock 1962-67 GM columns that use stock GM turn signal switches.
6- Separate under dash courtesy lamps for use along with your original dome/ interior lighting.
7- Instrument Cluster wiring is designed with a "cluster harness disconnect" system for easy service and assembly. Original terminals, connectors, and light sockets are supplied for stock cluster connections. The system will also connect into most popular aftermarket gauges such as AUTOMETER, CLASSIC INSTRUMENTS, DAKOTA DIGITAL, STEWART WARNER, VDO and others.
8- Rear body harness assembly plugs into the main harness in the stock location and our longer leads allow for stock or custom routing the wires. Rear body wiring includes backup lamp, stop, turn and tail lamp lead wires along with their correct light sockets, license plate lamp connection wire, and fuel tank sender wire and connection along with the proper trunk floor grommet.
9- New floor dimmer switch is provided. Wire length and connection accommodate original floor mount dimmer switch.
10-New ignition switch, tumbler and key are provided.
11-GM bulkhead connectors for the engine and front light wiring are included and allow for easy installation with original or custom routing.
12-Engine wiring includes connectors for original points type as well as H.E.I. distributors. Power and tach connectors supplied for GM H.E.I. distributors. Alternator connectors are supplied for GM "SI" series internally regulated alternators. GM "CS" series alternator adapter is available separately.
13-Front lighting includes extra long leads that can be routed for stock or optional appearances. All headlight, park light and directional light connectors and terminals are provided along with a switched trigger wire for an electric fan relay (usually recommended with AC).
14-Original style light sockets, connectors, terminals, etc. packed into every aspect of this harness, it makes it the most complete system of its type in the industry!

Please note: Classic Update Kits do not support Ammeters

NEED A PICTURE?

www.classicmuscle.com

Each year specific catalog is available for download on our website! Find your specific part from our catalog or website.

Go to the search box and type in the part number exactly as it is in our catalog (dashes, letters, etc.) and it will display a picture of that part. If we do not picture the part you are looking for, please let your sales rep know or e-mail us at: ***classic@modernauto.com.***

PLEASE READ - CHECK BEFORE YOU SIGN!

Every major body part that you order is inspected prior to shipping. No body part should be considered perfect.

Sheet metal is easily damaged and small dings are considered **"normal"**. No credit will be issued for parts because of minor flaws and imperfections, nor will we pay to return the part. Even factory parts have minor flaws and that cannot be controlled using mass production.

Classic Muscle always tries to package and ship your parts so that damage will not occur, but sometimes things happen beyond our control that our packaging will not protect. Always inspect your merchandise before the freight driver leaves. Just because the box looks “OK” does not mean the parts are not damaged. If any parts are damaged, you must write on the delivery receipt ***“Freight Damaged”*** before the driver leaves. If this procedure is not done, there is not much we can do to resolve the problem.

Classic Muscle accepts no responsibility for damaged parts. Do not return damaged parts to Classic Muscle before calling for instructions.

ALTERED PARTS *ARE NOT* RETURNABLE!
PLEASE TEST FIT BEFORE SANDING, PRIMING OR PAINTING!

Seat Upholstery from PUI

PUI seat upholstery is high quality in material and workmanship, as well as originality and fit. Vinyls are rerun to match GM's original colors while matching or exceeding factory specifications. All products meet the FMVSS 302 fire prevention standards and meet cold crack tolerances. Production of seat upholstery also includes insurance of fit on a set of frames. All seat covers have a two-year warranty against defects in materials and workmanship.

Door Panels from PUI

There are two types of door panels available, Regular & Pre-assembled. The description for each model will cover both types as far as vinyl, style, etc. The following will describe the additional features offered by Pre-assembled panels (PAD). 1968-72 PAD's have a "P" in the part number.

PAD's include the following components in addition to the standard description for each model: 68-72 front panels have metal top rail, inner window felt and door lock ferrule, rear panels have ABS-Plastic top rail and inner window felt.

As you will see, the price for PAD's with top rails is considerably higher but will require very little labor. Do keep in mind that the non-PAD's are on a board and only require cleaning off of your metal rail and gluing the panels to the rail.

Interior / Upholstery Quick Find Index

ORDERING INFORMATION & RETURN POLICIES

IMPORTANT!
Before placing your order, please read the information below.

Customer Number
Please have your customer number available when calling. If you are a first time caller, once you have placed an order, you will be assigned a customer number for future references. The customer number helps us to identify you if there is more than one customer with the same name. This will eliminate any confusion and allow our personnel to access and process your order more efficiently.

Catalog Number
In order for us to serve you better, please supply us with the catalog number on the front cover or at the top of the order forms in the back of the catalog. This will enable us to send you an updated catalog with your order.

Credit Card Payment Method
If you are planning to use a credit card for payment, please have credit card type, number and expiration date ready when calling so that your order is processed in a timely manner and will not create any unnecessary delays.

Ordering Parts
Most all products listed in our catalog have part numbers. ***Please have a list of these part numbers ready before calling to place an order.*** Having these part numbers available will speed up the ordering process. You can order over the phone with a credit card or place prepaid orders by phone to insure accuracy. If you prefer, you can mail or fax credit card & prepaid orders using order forms in the back of the catalog. NC residents, add 7.75% sales tax. ***Personal checks will be held 15 days to clear.***

Prices
Every attempt is made to insure accuracy of prices at time of catalog printing. However, all prices are subject to change without notice. Before placing your order, if you would like, ask your sales associate to call out current computer prices as you order each item. *Ask about volume discounts!*

GM Parts
Please remember, all General Motors parts in our catalog end with GM (309GM). Part numbers in any other format are reproduction items.

Returns
You must call for a Return Authorization Number. Parts cannot be used and must be in original packaging. Original packaging cannot be marked on, so put in another box to mail or ship. ***We do charge a restocking fee. No returns after one year.***

Shortages
Please check your shipment against the invoice immediately and contact us in case of any shortages. Check any comments on the area of the invoice above parts listings for back ordered parts. ***Shortages must be reported within 15 days of invoice date to insure credit.***

Damages
In case of damaged or open package, insure that delivery person notes this on delivery receipt. Contact the delivery company for inspection and then notify us. We must be notified of damages within five days of receipt. ***Please do not refuse any delivery without a written release by the driver.***

Shipping
We offer shipping via FedEx, UPS and USPS. Freight charges are based on actual weight plus any required special packaging. There is an additional charge for oversize packages which ship at a 30 lb. weight regardless of actual weight or price. We do not have a minimum order but do charge a minimum $6.50 shipping charge.

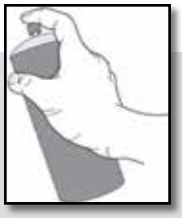
Truck Freight
Items too large for UPS will be shipped via common carrier. This normally includes fenders, quarter panels and skins, hoods and truck tailgates. We do require that these shipments go to a business address or in care of the carriers freight terminal. ***NO C.O.D.'s!!!!***

Alaska, Hawaii & Puerto Rico
These shipments must go via UPS 2nd Day Air and will have a higher percentage freight charge than normal US shipments. ***NO C.O.D.'s!!!!***

Canada
Canadian orders must be prepaid with credit card or US Funds Money Order. Appropriate export documents included with order and you are responsible for any duties at time of delivery.

International
With rare exceptions, we must ship via UPS Air Freight which is very expensive (some small items can be mailed). Orders must be prepaid with credit card or US Funds Money Order. Appropriate export documents included with order and you are responsible for any duties at time of delivery.

APO/FPO
Must be shipped parcel post with maximum size of 72" length and girth combined. Please do not send money until we can verify our ability to ship the order and give you correct amount for order including shipping.



ATTENTION!
No aerosol cans on any air freight shipments!

Our salespeople are <u>not</u> trained automotive technicians. You should consult local automotive shops and mechanics regarding technical advice. Some technical information is included in assembly and shop manuals available in this catalog.

RETURN AUTHORIZATION

DO NOT SIGN BEFORE INSPECTION OF PARTS:

Classic Muscle makes every effort to insure your parts arrive in good condition. We ask that you please inspect the contents for any damage. Please follow the procedures below in order for us to provide you with the appropriate action for your claim and the fastest customer service. If you did not receive an invoice with your order, please call immediately so we can mail you a copy.

DAMAGES UPS OR FEDEX:

If your package is lost or damaged in transit to you, or the container is broken open, please notify the carrier immediately and file a damage claim. For **UPS 1-800-742-5877**; **FedEx 1-800-463-3339** and give them the tracking number that is found on the package address label. **DO NOT** return any damaged item(s) to Classic Muscle. Save all packaging materials and the container in which your shipment arrived.

DAMAGES TRUCK FREIGHT:

Please check truck freight shipments for damage before signing the freight bill. The carrier may want to inspect the contents and will assist you in starting a claim. If you would like any parts replaced while the claim is in process, please call and reorder those items. Replacement parts will be billed to you and your account will be credited when the damage claim is finalized. Damaged parts cannot be returned without a claim number. If a damaged part is returned without filing a claim, the carrier will not be responsible and your loss will not be covered.

SHORTAGES:

Please inspect the package contents upon receipt. If any parts are missing, refer to the invoice to check for any back ordered items. If all items were shipped, please double check your package before calling to report a shortage. Once you have determined that there are parts missing, call **1-800-722-4828** to report the shortage. You must report the shortage within ***15 days of receipt*** of the package.

RETURNS:

Before returning any part, you must call **1-800-722-4828** for a "Return Authorization Number". Any package returned without a "Return Authorization Number" will be refused. All return items must be shipped pre-paid; **NO COD** shipments will be accepted. A copy of the invoice and the Request For "Return Authorization Number" Form below must accompany all returns. A restocking fee will apply to any unwanted items returned. There are no returns on certain special order items. Classic Muscle reserves the right to decline return of any item after ***1 year from receipt***. No refunds are given for shipping charges. Items sent back for credit must be in the original package and in good condition with no markings on the outside.
